

### Investment Strategy

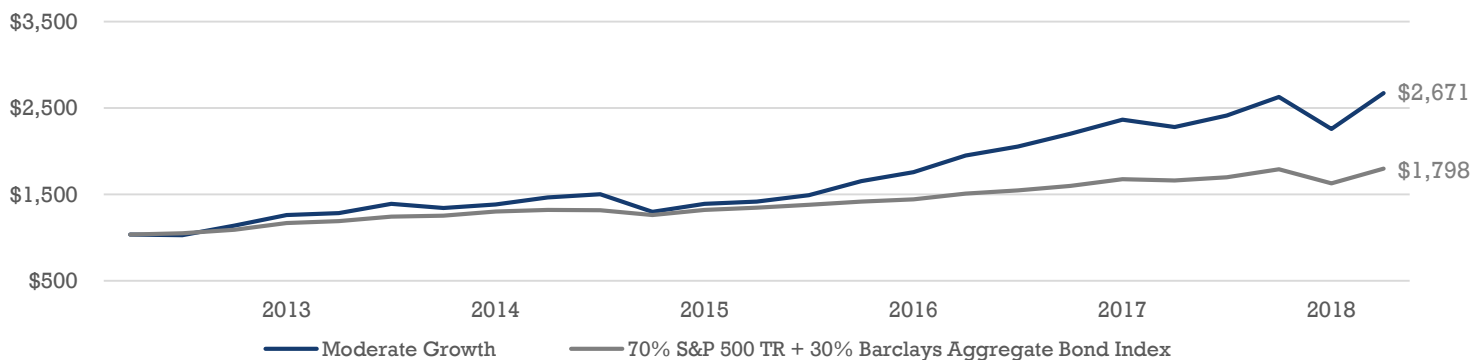

**Alpha Wealth Funds - Moderate Growth Portfolio** is a 70 percent stock, 30 percent bond mix of low-cost, US-based index funds and ETFs that minimizes fees and transaction costs. Moderate Growth will opportunistically sell covered call option contracts to enhance returns and mitigate risk. It also strives to add alpha with short volatility time-decay trades.

Moderate Growth is suitable for investors who can accept some level of expected stock market volatility while seeking above average growth.
